

QUESTION

Statistic information sought : Consumption of olive oil

Country targeted : Denmark

REPLY

Sir,

Please find below the information relating to the consumption of olive oil in Denmark:

- Average annual consumption per inhabitant (low consumption) :
 - . 2004 : 1,5 l.
 - . 2005 : 1,8 l.
- Denmark imports practically all it's consumption of olive oil
- Increase of the consumption of virgin olive oil in detriment of pure olive oil.

We hope that this information will be useful to you. We remain at your disposal, should you require further information.

Best regards,
